Untitled document

To break the monotony of a boring news day, I sometimes watch **Are you Smarter than a Fifth Grader**. Some would have to say no, with the new math and all. But what about a monkey? Are you smarter than a monkey? Well this app gives you a chance to find out just how smart you are. Lots of fun and helps to stimulate the brain.

Description

"In a memory competition of man versus chimp, Japanese researchers found that chimpanzees performed better than humans." ABC NEWS

Are you smarter than a monkey ? Let's find it out.
